TALLINN CREATIVE AND SUSTAINABILITY CENTER

TALLINN
CREATIVE INCUBATOR

- The creative and sustainability center will be opened in 2023 in Poldri 3.
- The role of the center is to amplify and support sustainable business development.
- The limestone building in good condition will be preserved and built as a two-story building.
- The surrounding area will be formed as part of the city's green corridor.

TALLINN
CREATIVE INCUBATOR

TALLINN CREATIVE INCUBATOR
will continue the business incubation and evolving creative industry

In addition, the center will create a strong network of people, businesses, and organisations who with their activity support sustainable, resource-efficient, modern and economically developing business environment and city.
