

## WP5: Walk the talk – Students-led ESG Investing Fund

## WP6: Talk the walk - Training the trainers: Summer School

University of Deusto, Bilbao, Spain

19-21 June 2023

### Introduction

The aim of this meeting is to understand the ESG Finance Summer Programme that DBS organizes, and the motivations behind relevant participants in the Investment Club.

This will help IFI members to analyse the experiences, discuss relevant inputs, and deepen our knowledge on how to launch a large-scale Sustainable Finance infrastructure in Israeli Higher Education Institutions.

### 1. Meeting goals

- to analyse the ESG Finance summer school programme;
- to know in depth the experiences of the Mondragon Cooperative Movement and other ESG-related financial experiences. It will help understand the case study on the Cooperative movement and Fagor which has been prepared for IFI;
- to analyse the engagement of financial firms with the Investment Club.
