Founded in 1906 - The name Bezalel Academy of Art and Design is synonymous with more than 100 years of Israeli art, innovation and academic excellence. It is Israel's oldest institute of higher education and leading design academy, with more than 2500 students studying a range of subjects from fine art and photography to industrial design and architecture. Bezalel's faculty consists of 500 lecturers who take pride in the generations of graduates working at the cutting edge of their field both in Israel and abroad. We are committed not only to the professional fields we specialize in - art, design and architecture - but also in our reach and impact on the Israeli society and its landscapes.

# Activities related to sustainable finance
